**Good with Numbers? Enjoy analysis? Challenges the norm?**

**Want to develop your career within a Group Finance team?**

## **Systems Accountant Assistant**

Following SDL's integration of 6 acquisitions and implementation of 2 new finance systems, SDL Finance is now in a great position to add real value to all business processes involving our systems/data.

This has created an exciting opportunity for a new role within the Group Finance team. This role will report into Group Finance Systems Accountant and be based in Chilwell.

This is a great opportunity for anyone that would love to mix their experience in finance with their analytical skill sets, to work on projects to help pioneer and shape the systems, processes and drive efficiencies for the Finance Teams, as well as the other functions at SDL.

## **Expectations.**

- Play an instrumental role in the development and implementation of projects that impact finance systems.
- Assist in building the data flow bridge between Payroll and Finance.
- Identifying and voice continuous improvements in the current finance systems.
- Assist with maintenance of the finance systems Open Accounts and Adaptive Insights.
- Training of finance applications and Excel to accountants and non-accountants.
- Assist month end accounting duties within the Group Finance Team.

## **Who we're looking for:**

- Previous experience within a finance/data transaction team.
- Inquisitiveness – to ask; why we do, what we do? or how we do, what we do?
- Knowledge of accounting terms and concepts.
- Strong attention to detail and analytical skills.
- Strong communication and interpersonal skills.
- Advanced Excel skills, preferably with the ability to read and write macro's
